

SAFETY FILM

FLAWLESS DESIGN SUPERIOR SAFETY

Our safety film is virtually transparent for enhanced window presentation, aesthetics and protection against everyday threats.

HELPS
ENSURE
THE SAFETY
OF YOUR
FAMILY AND
PROPERTY

SAFEGUARD YOUR HOME

Danger is ever present, but with LLumar® Safety Film, so is protection. Made of a clear, heavy-duty polyester compound, our safety window film provides a transparent barrier against threats. Durable and professionally installed, LLumar® provides a simple, cost effective alternative to safety glazing.

LLumar® Safety Films considerably increase the resistance of glass to break-ins, vandalism and explosion shock waves. They are categorised as defined laminated safety glass types (EN356, GSA Level 2).

Against Vandalism

SAFETY FILM

ACCIDENTAL BREAKAGE

Windows are the most vulnerable part of any home and provide easy points of breakage by wind carried debris, vandalism and other accidents. As a result, shattered glass fragments can pose a great risk in causing personal injury. With LLumar® Safety Film, you can reduce this risk, because it helps hold glass fragments in place until they can be safely removed and the glass replaced.

UP TO
10
YEAR LIMITED
WARRANTY

FORCED ENTRY

LLumar® Safety Film deters forced entry by making windows more difficult to penetrate, discouraging intruders. Safety window film doesn't block out the view, so you can deter thieves without changing your view.

WORLD CLASS WARRANTY

Our commitment to quality is further emphasised by a factory-backed warranty*.

EASTMAN

Professionally installed LLumar window film is backed by one of the industries best warranties. Certain restrictions apply. See an Authorised Fitment Centre for manufacturer's limited 5-15 year warranty details. © 2020 LLumar South Africa (Pty) Ltd. © 2020 Eastman Performance Films, LLC.
